NOTES

- The access to mEDRA DOI Services requires – unless otherwise agreed – an annual subscription expiring on 31/12 each year and automatic renewal (as per General contract conditions).
- The DOI Registration service is activated upon advanced payment of the annual fee (plus, for new contracts, the payment of the months of the current year).
- The DOI Registration service is automatically renewed unless cancellation within the terms set out in the contract.
- It is possible to change DOI Bracket from one year to the next upon written communication to sales@medra.org
- The cost for exceeding DOIs registered in the current year is invoiced at the beginning of the following year at the price per unit of the DOI Bracket chosen for the current year. If more convenient, customers will be upgraded to the next upwards DOI Bracket without other extra costs than the balance between the two DOI Brackets.
- Discounts apply to backlist content, depending on the number of requested DOIs.
